Diabetes-Self Management and Training Program
Recognized by the American Diabetes Association

The Diabetes-Self Management and Education Program, offered by Debra F. Latimer, Nutrition & Diabetes Associates, is designed to help you manage your diabetes and live a healthy lifestyle. You will be attending a series of 3-3 hour classes. A new series of classes begin once a month. We have three locations surrounding the Greater Houston Area.

Course Content:

Class One: Diabetes Overview: Diabetes Pathophysiology, Types of Diabetes, Diagnostic Criteria, Diabetes Medications, Exercise, Self-Blood Glucose Monitoring. Complimentary blood glucose meter, of patient's choice, with testing supplies is given to all participants during class one.

Class Two: Customized Meal Plan, Carbohydrate Counting, and Reading Food Labels.

Class Three: Dining Away from Home, Symptoms, Prevention and Treatment of Hypoglycemia, Skin, Dental and Foot Care, Sick Day Management, Long Term Effects of Hyperglycemia-Prevention and Treatment, Recipe Conversions, Behavioral Change Strategies, Goal Setting, Use of Health Care System, Community Resources, and Diabetes Self-Management Support Plan.
